27        **Dedication Programs**

28        Factbooks- 1982 to 1996

The above collection does not constitute the entire collection of archival materials to be found at Mount Saint Mary College. The Researcher is also referred to the President's office where original documents are kept on academic programs such as the master of science degree in nursing, the master of science degrees in education, and the master of business administration degree in business. The President's office also has a complete collection of commencement programs beginning with the 1964 commencement program. The Researcher is advised to speak to the Archivist for the names and locations of other offices that retain archival materials. More finding aids will be added as they become available.
